David Southwell : Guano Stains Grandma aka Astounding Anagrams before purchasing it in order to gage whether or not it would be worth my time, and all praised Guano Stains Grandma aka Astounding Anagrams:

Guano Stains Grandma is a fascinating new collection of more than 5, 000 of the finest, funniest Astounding Anagrams ever devised. Each page is dedicated to a theme - and it could be anything from Manchester United footballers to cult films, or from sex symbols to members of the Royal family. There are more than 200 different themed lists, so no matter what you re interested in, the chances are that it will be turned on its head in here. With 25 anagrams in each list, you ll find that the wordplay is variously apt, insulting, surreal or even astonishing - but it s always very, very funny. So if you want to know' who Big Melons* is, or what it is that Computerises Porn**, look inside. It s astounding!
