Susan Burgin : Guidebook to Dermatologic Diagnosis before purchasing it in order to gage whether or not it would be worth my time, and all praised Guidebook to Dermatologic Diagnosis:

A unique systematic approach to dermatologic diagnosisGuidebook to Dermatologic Diagnosis provides an innovative and methodical approach to the diagnosis of skin lesions and rashes. Centered around The Wheel of Diagnosis which

factors in several important clinical considerations necessary to formulate an accurate diagnosis, the book is enhanced by numerous full-color images organized by clinical appearance rather than known diagnosis. This type of image grouping is specifically designed to teach readers how to think through and eventually arrive at an accurate diagnosis. Each chapter is also enhanced by tips on special testing, management, as well as the diagnostic approach. Although primarily written to be an innovative way to enhance dermatologic diagnostic skills, this unique resource can also be used at the point of care to confirm diagnosis.
