A must-have for songwriters at home or on the go! I keep this in my purse at all times. I just got it today. Already my songwriting has improved! Now whether I'm at home or on the go in the car, at wal-mart, the grocery store, at school, anywhere I destination write I won't be wracking my brain fumbling for words when writing songs no matter where I am! This book is the ultimate go-to resource for everyone! Easy to use and easy to understand! Hal Leonard never dissapoints! I couldn't be more pleased! 5 stars from this songwriter:)

This is a cool book. I don't like how the book is organized. It's not in alphabetical order. it's organized in sounds in syllables and it's really kind of hard to find words that rhyme with a particular word. But I gave it 5 stars because it's a fun book. I use it in the car with my kids to have rap battles. I have a 16 year-old a 12 year old in a 10 year old and I've came close to getting stomped in a rap battle by them. I'd like to reiterate I said "came close 2 getting stomped. They still haven't beaten their dad in a rap battle yet. Because I Crush Sucka MC's on The Daily. WORD!

Not the best but a very good source and I must admit it does serve as a handy portable guide. It certainly beats lugging around a large book, constantly searching for the best rhyming schemes.
