Leslie Halliwell : Halliwell's Film and Video Guide 2002 (Hallowell's Film Video Guide, 2002) before purchasing it in order to gage whether or not it would be worth my time, and all praised Halliwell's Film and Video Guide 2002 (Hallowell's Film Video Guide, 2002):

There is no reference like it. It is reasonably complete, at least with respect to English and American films (I have found over the years only a few omissions). And you get not only the basic information (cast, credits, running time, date), but also often a useful rating and a few opinions from reviewers or others -- either contemporaneous or later. Highly recommended.0 of 0 people found the following review helpful. You will enjoy thisBy Rick L. StrombergSnapshot reviews of movies on TV and Cable. Well done! For over 20 years, film enthusiasts, trivia buffs, and ordinary movie watchers alike have consulted the pages of Halliwell's Film Video Guide for the most comprehensive information available on their favorite films -- from the classics of the silver screen to the latest blockbusters. Each of the books over 23,000 entries include information on the film's cast members; writers, directors and producers; a plot synopsis and critical evaluations; videocassette, DVD, and laser disc availability; quotes from contemporary reviews; and more. Halliwell's also features easy-to-interpret icons denoting film suitable for family viewing, winners of Academy Awards and nominations, soundtrack availability, computer-colored versions, and video format compatibility. Additionally, you'll find lists of four-star and three-star films arranged by title and by year of release, and a list of all the Oscar winners for best picture and director, best actor and actress, best supporting actor and actress, and best original screen play and adapted screenplay.

.com A standard directory of actors, directors, and film technicians, this book has since been superseded by more detailed one-volume guides such as Ephraim Katz's *The Film Encyclopedia*. Still, Halliwell's *Filmgoer's Companion*-- now in its 12th edition--continues to be updated and contains a number of special features the competition doesn't have. Most notable are its citations of quips by famous actors and directors (Errol Flynn: "My difficulty is trying to reconcile my gross habits with my net income"; Alfred Hitchcock: "The cinema is not a slice of life, it's a piece of cake"); its discussion of characters, events, and motifs as they play out in film history (e.g. Tarzan, *The Gunfight at the OK Corral*, "custard pies"); and its bestowing of special awards to the men and women who have produced significant work in the movies. The volume's appendices, which include guides to further reading, a brief history of the cinema, critical "best films" lists, complete notations of film festival prizes, and every Academy Award given through 1995 make it a terrific source of information. About the Author John Walker is one of the UK's leading film critics. He has revised Halliwell's *Who's Who in the Movies*, as well as Halliwell's *Film and Video Guide*, since Leslie Halliwell's death in 1989. He lives in London.
