Genius!..Harper's Rules is "The Playbook" anytime you are entering the job market or dating scene or simply need a good story.By Holly McCarthyOnce in a while, a book is written that is as equally entertaining as it is educational...Danny Cahill's, Harper's Rules is one such book. It is a narrative alchemy which masterfully blends finding love, surviving loss, and confidently navigating the job search (or dating) process with tangible tactics for empowerment; all embedded in a sinuous, page-turning plot that makes you laugh out

loud, feel angst in the core of your belly, and root for Casey's hopeful triumph personally and professionally...Everyone knows someone who needs to read this book!!...It is a witty and quick read that imparts hope and serves as a good reality check...Impressively, the content in Harper's Rules about dating and job hunting is timelessly topical and spot-on accurate!!...Drawing upon his deep industry knowledge in executive search, Cahill spoon feeds the reader with the sagacious, time-tested formulas required to confidently navigate any job interview (or romantic date!)...The parallels he draws between the two experiences are incomparably clever...A brilliant and unique paragon of literature...Harper's Rules should undoubtedly be a staple on everyone's bookshelf.0 of 0 people found the following review helpful. Read this book!By Norma ColesThis, by far, has been my "bible" for work and relationships.He makes so much sense in comparing in the dynamics of these two important components in our lives. When I get "stuck"... I re-read this book.0 of 0 people found the following review helpful. Five StarsBy Angeline MarieVery good book. I would recommend it. Lots of Danny's personality is in this book--I enjoyed it!

Ever notice that the rules of love and the rules of work are the same? They are! An interview is a date, leaving a job is a break up, severance is alimony. And in Harper's Rules, Danny Cahill--headhunting guru and owner of one of the country's largest recruiting firms--delivers clear-cut strategies for getting a job and building a career, and shows how those strategies can apply to your personal relationships. Danny offers effective, insider tips, packaged in an intimate and funny parable. As you follow successful executive Casey Matthews through the rough waters of a recent divorce, a job she doesn't like, insensitive interviewers, the rigors of contemporary dating, and high-pressure career advancement, you'll discover the rules that can change your life. The all-knowing but charming headhunter Harper Scott rescues Casey with the essential tools of job hunting and dating. Take the sure-fire test for deciding whether you should stay in your job or relationship. Discover how to leave without burning a bridge or breaking a heart. Understand why you should never accept a counteroffer--from a boss or a lover. Learn how to ask for the job or the next date at the end of the meeting. Know when to commit and when to keep interviewing or dating. Harper's Rules is a funny and riveting story that will help you make smart decisions about landing your next--your best--job or relationship.
