By Jeanette CallandI've bought several copies of this dictionary/thesaurus for students who are speakers of other languages. They appreciate the easy-to-follow pronunciation guide and the convenience of having synonyms on the same page. My only quibble (as a tutor) is that the number and range of definitions is limited; but that is not a problem for the SOL students whose vocabulary questions are not advanced.

By A Customerextremely readable, closest synonym listed first in boldclean and pretty print on high quality papervery sensibly organized 2-in-1 dictionary and thesaurus
since it has less than 1000 pages, its glossary coverage is limited
in addition to the convenient pocket-size dictionary, the new oxford american dictionary is probably a great choice for greater depth and coverage.
