HarperCollins Publishers : HarperCollins Spanish College Dictionary 8th Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised HarperCollins Spanish College Dictionary 8th Edition:

0 of 0 people found the following review helpful. Great dictionary but not a hardcover. By Julie Looks like a great spanish dictionary. Did not come as expected. Description says it is a hardback but it is a softback. I returned because we will use this a lot and need the hardcover in order for it to hold up for years to come. I am still looking for the hardcover version. 0 of 0 people found the following review helpful. Excellent study reference By Bev Excellent study reference! They go into detail in the majority of their entries, which I find very useful as a beginner in the language.

The HarperCollins Spanish College Dictionary is a stand out you're holding the best buy on the shelf in your hands right now. Here's why:

Easiest to use: The clear layout allows maximum ease of access and enables effective communication for educational, business, and traveling purposes. Usage levels are indicated throughout, with extensive examples to illustrate how words are used in context. A system of style labels identifies whether a word is formal, informal, literary, vulgar, dated, or euphemistic. In addition, specific meanings are clearly marked to guide the user to the correct treatment. The text also includes pronunciations of all English words using the International Phonetic Alphabet, with a full guide to Spanish pronunciation and phonetics for difficult words.

Consistently updated: The HarperCollins Spanish College Dictionary offers fully updated coverage of both Spanish and English, including business, technological, and cultural terms and extensive coverage of Latin-American usage.

"Spanish in Action" supplement: This offers invaluable advice on how to express yourself in correct and idiomatic Spanish, as well as in-depth coverage of Spanish life and culture.
