1 of 1 people found the following review helpful. Four StarsBy LoWoVery good map that seems detailed enough for a road trip. Too bad it covers only half the country.0 of 0 people found the following review helpful. Three StarsBy Gregory DeanDecent map. A bot hard to read at points.

One side of this map includes a street map of central Havana (including Casablanca) with name index and an inset with surroundings of Havana. The other side includes a travel reference map of Western part of Cuba (up to Caibarien and Sancti Spiritus on the eastern edge) at the scale of 1:600,000 with name index.
