Julie Rovner : Health Care Policy and Politics A To Z, 3rd Edition (Health Care Policy Politics A to Z) before purchasing it in order to gage whether or not it would be worth my time, and all praised Health Care Policy and Politics A To Z, 3rd Edition (Health Care Policy Politics A to Z):

Readers will find updated information on long term health care spending, abortion, Medicaid and Medicare, health insurance and the uninsured, the State Childrens Health Insurance Program (SCHIP), and much, much more. New entries reflect important changes in recent years and include the Medicare Modernization Act, abstinence education, electronic health records, health savings accounts, Plan B, the Presidents Emergency Plan for AIDS Relief (PEPFAR),

and Project BioShield.

. . . allows the target audience of laypeople to understand the jargon used in debating health policy issues and to appreciate the history and conflict of the issues themselves. --Booklist
