**American Medical Association : Health Professions 1998-1999: Education Directory (Health Care Career Directory)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Health Professions 1998-1999: Education Directory (Health Care Career Directory):

...covers nearly 5,000 educational programs in more than 40 health care professions, providing key data about 15 accrediting agencies...with information on curricula, prerequisites, standards, etc.
