Marjorie Brody, Pamela J. Holland : Help! Was That a Career Limiting Move? before purchasing it in order to gage whether or not it would be worth my time, and all praised Help! Was That a Career Limiting Move?:

0 of 0 people found the following review helpful. Five StarsBy woodmontHelpful2 of 4 people found the following review helpful. Small But Sassy!By Joyce A. Kimball"Help! Was That a Career Limiting Move?" by Marjorie Brody and Pamela J. Holland is a little book packed with a lot of information! From someone who spent almost two decades in the business world, I have to say that I could have used this "little book of knowledge" oh-so-many times during my career! While reading Ms. Brody and Ms. Holland's book, I smiled quietly to myself while rembering encountering many of the potentially CLM situations they cover, some of which I dealt with better than others. Having learned how to handle myself in the business world by the "trial and error" method, I would not recommend it, particularly when you can save yourself a lot of aggravation by simply reading this book.5 of 6 people found the following review helpful. Stay connected and in the loopBy Midwest Book ReviewHelp! Was That A Career Limiting Move? collaboratively written and presented by motivational speaker and career enhancement consultant Marjorie Brody and communications expert Pamela J. Holland (Chief Operating Officer, Brody Communications) is a highly practical guide to improving oneself and one's chances for career advancement.
