I had a dull personality and was very shy until I started reading HENNY YOUNGMAN'S 10,000 One - Liners. Now who ever I meet, I say a couple of jokes and people feel more comfortable around me and I feel a lot more comfortable around people. For the first time in my life, I have much more confidence in myself than I ever had. I was always quite at parties, and stayed in the background. Now I really make people laugh and what a wonderful gift it is to make people laugh. This book has a table of contents for every occasion. Even one joke makes the whole difference in the my personality. Friends of mine who have not seen me in a few years, can't believe it..This book has photos of Henny Youngman and many comedians and actors.7 of 7 people found the following review helpful. i love Henny Youngman Jokes PleaseBy Lee E. Blasingamei love Henny Youngman Jokes and Please keep finding me more to read of his brand of one liners. the jokes are good and fast and on all subjects. i find that i really like the old radio vaudevillians, comedians. that brand of humor whether Benny Hope Skelton Burns Youngman Fields Durante are all good clean fun, oh and how could i forget Groucho. i don't seem to like the lame Saturday Night crowd of no talent idiots...they just have to be obscene and young to be on

tv now, not good and funny like a Carson. just a great book ... Please.0 of 0 people found the following review helpful.  
Take my name and use it on your joke... PleaseBy David M. BrainLots of these one liners are not Henny Youngman  
type material. Several are repeated in different sections or, sometime, with just a few words changed, in the same  
section. It probably is 10,000 one liners which explains why the quality level is so low. It would be good for speakers  
who need humprous lines on a certain subject to liven up a talk.

The greatest collection ever of One-Liners, Wisecracks, Insults, Introductions and just plain superb comedy from the  
king of one-liners, Henny Youngman. Ten thousand jokes organized by subject!
