Kathi Keville : Herbs: An Illustrated Encyclopedia before purchasing it in order to gage whether or not it would be worth my time, and all praised Herbs: An Illustrated Encyclopedia:

0 of 0 people found the following review helpful. Best herb reference I own.By Frederick DunningI use this book for reference over and over!0 of 2 people found the following review helpful. Go to Herb encyclopediaBy CustomerI first saw this book at a friend's house and knew I would want in my collection of gardening books as a 'go to' book on herbs. It is complete for my needs and highly recommend it to the gardener looking to adding herbs to their garden. Definitely a 'must have' book.

How to grow herbs, design herb gardens, cook with herbs, make herb dyes and herb medicines--it's all here.
