slangs, terms, and colloquialisms that you will not learn in a conventional French class. Everything is cleverly broken up into categories or chapters and the phrases are neatly organized and easy to find. Though, you might want to take the book's title to heart, do what it says, and hide that book. There are some...unsavory words and phrases that might offend someone if they are reading over your shoulder. Not to mention the cover is a little conspicuous. Altogether, though, I liked this book as it was useful and provided my friends and I with a few laughs. 0 of 0 people found the following review helpful. : )By Angela L.
