Scientific Publishing : High Blood Pressure chart: Laminated Wall Chart before purchasing it in order to gauge whether or not it would be worth my time, and all praised High Blood Pressure chart: Laminated Wall Chart:

0 of 0 people found the following review helpful. Five Stars By AnnetteGreat !

The High Blood Pressure chart is a detailed overview of causes, effects and risk factors of hypertension. Damage to the eyes, brain, heart and kidneys are described and shown. A discussion of treatment and diet issues completes the chart. Heavy gauge 3ml lamination with sealed edges and two metal eyelets for hanging makes chart highly durable. Write-on/wipe-off with dry erase marker (not included).
