0 of 0 people found the following review helpful. Full of jargon.By Kindle CustomerReview by Scott Sammons, Christina's husband using her account.This may have been good for those that live in the culture of the author but is written in very informal language and full of jargon. It is much more like a published blog archive than a book.

Recruiters spend on average 8 seconds reading a C.V. before they decide whether to continue, so a hard-hitting C.V. is the first crucial step in getting onto the shortlist. In High impact C.V.s recruitment specialist John Middleton helps determined applicants make a brilliant first impression, and deals with everything from handling C.V. skeletons to writing a winning covering letter. It is aimed at anyone with career ambitions - from first jobbers to senior managers

looking for new challenges.

About the Author John Middleton has over 17 years' experience working in various HR roles, including recruitment and management development.
