John Haywood : Historical Atlas of the Ancient World 4,000,000 - 500 BC before purchasing it in order to gauge whether or not it would be worth my time, and all praised Historical Atlas of the Ancient World 4,000,000 - 500 BC:

8 of 8 people found the following review helpful. Collector's Item
By Ahreeman XA must own atlas for serious lovers of history and geography. It is out of print and it is part of the 6 volume set which all can be found in . Find all of them and buy all of them because no other set comes close to it. It is history of the world, well detailed and illustrated.
1 of 1 people found the following review helpful. worthwhile
By D from Colorado This is a gem of a book. The maps are fabulous and the information with them is priceless. Very worthwhile reading. I used it with a social studies unit at school.
0 of 0 people found the following review helpful. Exceptional Maps and Excellent Summaries
By Donald A wealth of information that I haven't had time to fully digest. The maps and charts are very well done. This is a large format coffee table style book that is sure to spur on conversations concerning historical truths.
