**Parish : HOLLYWOOD BABY BOOMERS (Garland Reference Library of the Humanities)** before purchasing it in order to gage whether or not it would be worth my time, and all praised HOLLYWOOD BABY BOOMERS (Garland Reference Library of the Humanities):

1 of 1 people found the following review helpful. Doesn't Cover EveryoneBy Hillari HunterMy problem with this otherwise good reference book is that while those born between 1958 and 1964 are also considered baby boomers, no actors born during those years are included. Therefore, you will not see biographies of Tom Cruise, Eddie Murphy, Darryl Hannah, Cathy Moriarty, Michael J. Fox, etc. However, the ones that are included are just as interesting. Nice addition to a film buff's library.
