This book lists only organization that produce film, not agents who find material for film0 of 0 people found the following review helpful. A Great BookBy JimA great book for the creative minds of Hollywood. I bought it as a collectors item. It was delivered by .com and on time.0 of 1 people found the following review helpful. great infoBy Talulah JamesThis directory has a lot of great and useful information, and it lists it in many different ways to help you find what you are looking for very easily - by production companies, TV show names, etc. Lists the employees and their title, the contact info, and even provides information for other companies who work with these studios/shows, such as catering companies, etc. It has lots of helpful information.

Very Good.
