Kimberly Aime, Natalie Weiss : Homemade Baby Toddler Food (Idiot's Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Homemade Baby Toddler Food (Idiot's Guides):

0 of 0 people found the following review helpful. Great all around book By Jacqui Shore Love it. This has great ideas for food for babies, but it also has daily schedules for each age group that actually make sense! I wish I had bought it sooner. 0 of 0 people found the following review helpful. This one's a keeper By Robbie Samuels Checked this book out from our library, renewed it 3 times. Then immediately checked it out using my wife's library card. Started to add photos of recipes to my Evernote and then finally accepted that this book was a keeper and purchased it. The real benefit of this boom is 9 months and older when you are moving past purees. Don't just look at the simple puree recipes and decide it's not for you - look ahead to the delicious meals and snacks you can make for your kiddo (many of which any adult would love too).

Store-bought baby food is expensive and can contain artificial ingredients you don't want your baby to consume. And as a baby grows to be a toddler, it can be difficult to find nutritious and easy-to-fix foods that they will eat. Idiot's

Guides: **Homemade Baby Toddler Food** comes to the rescue with the solution to feeding dilemmas for parents of babies and toddlers from 6 to 24 months: 100 recipes for appealing baby and toddler cuisine, from purees to finger foods to table foods even the pickiest toddlers will eat. More than 100 full-color photos of finished dishes, preparation steps, and more. Nutrition and development information, plus meal plans for five different stages from a registered dietitian. Advice for encouraging picky eaters to try new things. Illustrated how-to steps for frequently used techniques. Information on baby-led weaning, food allergies, and other high-interest topics.
