**Ben Watson : Honesty Is Explosive!: Selected Music Journalism (Woodstock)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Honesty Is Explosive!: Selected Music Journalism (Woodstock):

This book collects the best of Ben Watson's music and culture writing from 1985-2002, including reviews and essays

on significant music--jazz, pop, punk, and classical--written from the author's distinctive "militant aesthetix" point of view; plus reflections on the intersection of madness and music, the world after 9/11, and much more. A major collection by a major critic of the modern music scene.
