This was a great refresher and also gave us new ideas. 0 of 0 people found the following review helpful. Five Stars By plastic cake This book is very thorough. Great for the person who wants to do it all from scratch. 0 of 1 people found the following review helpful. Good book! By Marilyn W. Wallace This book gave me a complete and concise package. It had good resources for the

information it did not have.

For anyone who has considered brewing a batch of beer or mead at home, or making a custom barrel of wine with local fruit, this thorough guide will clear a path to the bottle. It demystifies the process: from planting hops and fruits to pruning, harvesting, fermenting, flavoring, and bottling one-of-a-kind drinks from your own backyard. It serves as a starting point not only for wines and beers, but also hard ciders, meads, and infusions, and even touches on at-home distilling. Perfect for the city-dweller, urban gardener, or anyone with limited space and a desire to make custom concoctions, *Hooch* offers projects to suit any lifestyle. With recipes for brews made from grapes, hops, and herbs, DIY boozers will find everything they need to begin a brewing journey.
