just for fun. Molly does a great job of helping you dig deeper to get the right words onto the page. So glad that I decided to buy both books.3 of 3 people found the following review helpful. Helpful and InformativeBy Mike M.Read this to help rev up my lyric writing. I did learn things I did not know, and somethings I already had an understanding about. I think it will help me to be a better writer. I gave it 4 stars because a lot of times it seems as if the author is speaking only to female readers. Also, she is a country music writer so although most of her tips apply to all types of music, some do not in my opinion. Overall though, interesting and well written.2 of 2 people found the following review helpful. Entertaining and enlighteningBy Brian K. MillerMolly-Ann Leiken presents an insider's look at the challenging and rapidly changing role of a professional songwriter.
