Millions of Americans are just one paycheck away from becoming unemployment statistics. If it happens to you, you need to know what to do next. This book spells out where to get help after you lose your job, your home, or both. It specifically shows where to apply for government aid programs that offer food, heating bills assistance, subsidized phone service, subsidized housing, subsidized child care, welfare, unemployment insurance and other benefits. This book shows where to apply for food stamps (SNAP) and other food programs that put food on the table, where to apply for heating bills assistance (LIHEAP) and keep the heat turned on during the winter, where to apply for subsidized telephone service (Lifeline) and keep your phone turned on, where to apply for subsidized housing (Section 8) and keep a roof over your head, where to apply for unemployment insurance and keep some money coming in, and where to apply for welfare (TANF) and other benefit programs. Both the unemployed and the underemployed working poor are eligible to apply. Includes information about benefit programs, the income and assets guidelines used to determine eligibility for benefits and hundreds of agency contact phone numbers (many toll-free) and web sites. Use this book to find out what sorts of government aid programs are available, where to apply and how to keep going during the recession.
