Kennedy Achille : How to Get Hired In 15 Minutes or Less before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Get Hired In 15 Minutes or Less:

3 of 3 people found the following review helpful. If you know nothing about job hunting and live in 1970, this might be for you...By JBI'm not a frequent reviewer. Among reviews I *have* written, I don't remember any which were negative.So I'm sorry to have to say this, but this was a complete waste of money and 15 minutes.Most of this book is about how to write a resume, and it provides poor, outdated advice. The author teaches you step-by-step (with clear

examples) how to create an old-school, "me"-centric resume with all the wrong information presented in the wrong order. Modern employers are inundated with applicants. They can only afford a few seconds to determine a resume's usefulness. A few seconds spent glancing at the form of resume this author suggests will offer nothing to prompt the employer to continue. Beyond being poor, the advice is offered at an elemental and elementary level - the equivalent of a cook book saying "get a 1/2 cup measuring cup out of your drawer, get a bowl out of your cupboard, open a bag of flour, dip the measuring cup into the bag of flour, scoop it," etc. The critique above applies equally to the material on interviewing and follow-up. I'm left with the feeling that the author found a book on job hunting written in 1970, summarized its suggestions, and out popped this book. Finally, the author's writing is stylistically poor and rife with punctuation errors. These were first evident in the Introduction and remained true to the end. Professional proofreading and editing would have helped. I truly do not like leaving such a negative review. But I feel compelled to do so in this case because I don't want others to waste their money and don't want job seekers to miss potential jobs by following its poor advice.

1 of 2 people found the following review helpful. Totally Awesome

This book was nothing I expected because many books go down a long path of providing a lot of theory. But this book was able to organize the information into small bit-size chunks that you could actually do in 15 minutes. I loved it! Thanks.

0 of 1 people found the following review helpful. Very Insightful
By Author Youdeline A. Holt
This is a great book for job seekers. It's straight to the point and can really help job seekers to get into the hiring manager A list if the information provided in the book are applied.

This book will give you the tools to get you hired by teaching you in 15 minutes or less the secrets of understanding exactly what it takes to get HIRED! In less than 15 minutes, you will be enlightened with the proper techniques that will greatly increase your knowledge about the resume and interviewing process, but more importantly how to get that dream position. Buy this book now and let's get started today!
