2 of 2 people found the following review helpful. Great and Easy to Read/Learn Guide!By CustomerI've never read such an easy-to-read, relatable, comprehensive, and informative guide to job hunting. As someone in the market for a new job, I've never even thought of some of the amazing tips in this book. The author offers a step by step guide to a wide variety of job search necessities. As an introvert, I often find networking, interviews and even the concept of switching jobs terrifying. This guide can be an amazing confidence builder for those in my boat or even people who want to brush up on some great job searching skills. Highly recommended.1 of 1 people found the following review helpful. When looking for a job this simple and easy to read instructional helps you avoid the unseen pitfalls ...By CustomerWhen looking for a job this simple and easy to read instructional helps you avoid the unseen pitfalls most job applicants fall into without realizing what they have done. A leg up and insight is always a good thing and money well

spent.

Sean really knows what he is talking about. This is not a book written by someone who knows only the theory and advises people from the safety of his ivory tower. Sean has walked the walk. Not only does he have the qualifications, he has proven that he can get results. Thousands have benefited from his insights and practical advice. I like the quote "Knowing yourself is the beginning of all wisdom." This book is a must read! There are plenty of average books out there but every now and then one comes across a gem and this is one of them!From the AuthorSpock would read this book... You should too.
