Herbie Henderson : How to Handle Your Recruitment Consultant (How to Handles) before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Handle Your Recruitment Consultant (How to Handles):

0 of 0 people found the following review helpful. An invaluable guide for job hunters. Told me everything I was hoping it would. Highly recommended.By MOFFinding a job is a tricky business in itself, but finding the RIGHT job

is even tougher. Having a really good recruitment consultant (or consultants) should make your job hunt easier, but often they not only fail (hugely) to make our job hunt easier but in fact make our job searches even tougher by being sloppy and inefficient. This excellent little book plugs the gap left by the other books in this genre: the others deal with CV writing and applications and covering letters, psychometric tests and interview skills, but if you haven't got your consultant doing their job all that sort of misses the point and is somewhat wasted. This book tells the truth about how to deal with recruitment consultants and also tells the truth about what really goes on behind the scenes. Henderson has used insider knowledge and combined it with industry research and hands on experience to create a really useful tool to help you in your job search. On top of that the style is highly engaging, and as you read it you feel as though you're sitting across the table from a really good friend who knows the industry well enough to be able to give you the inside track. Overall a great read and has already proved to be thoroughly useful for me and several of my friends. Highly recommend buying this book if you want to find your ideal job!

How to Handle Your Recruitment Consultant Finally a careers book that tells the truth about what really goes on! This clever and knowledgeable little book, is packed full of deliciously indiscreet insider knowledge, plus utterly brilliant strategies, secrets, tips, tricks and insights so you can get the best out of your Recruitment Consultants. HTHYRC is perfect for graduates, first jobbers, new jobbers, career changers, in fact all 'jobbers'. In short everyone who's reluctantly realised that Recruitment Consultants are a fact of job hunting life. (NOTE: Never ever call them a Necessary Evil (that gets explained inside)) So if you've reached the end of your tether with slippery, sloppy consultants, or you're just exasperated with the sweet but useless ones you can at last discover How to Handle Your Recruitment Consultant with phenomenal results.
