Paul Edwards : How to Rap 2: Advanced Flow and Delivery Techniques before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Rap 2: Advanced Flow and Delivery Techniques:

2 of 2 people found the following review helpful. Good s***By melinda sue haflichI recommend reading the first book before you get to this one. Good read worth the purchase yada yada yada.0 of 0 people found the following review helpful. Real Hip Hop KnowledgeBy Jonathan L. GonzalezLearned a lot to make my rhymes flow better! Highly recommended for anyone who's pursuing the art of Emceeing...0 of 0 people found the following review

helpful. Great tips!By Alexandria Roberts-AndersonI love this sadly I let a friend borrow it and I don't think I'll be getting it back. Very useful and has a lot of tips.

This sequel to *How to Rap* breaks down and examines techniques that have not previously been explained such as triplets, flams, lazy tails, and breaking rhyme patterns. Based on interviews with hip-hop's most innovative artists and groups, including Tech N9ne, Crooked I, Pharcyde, Das EFX, Del the Funky Homosapien, and Big Daddy Kane, this book takes you through the intricacies of rhythm, rhyme, and vocal delivery, delving into the art form in unprecedented detail. It is a must-read for MCs looking to take their craft to the next level, as well as anyone fascinated by rapping and its complexity.

"Filled with real tools and overflowing with inspiration, this comprehensive how-to manual examines the art and craft of rap. . . . Both newcomers to rap and more experienced listeners and artists can gain insights in the time-honored tradition of learning from the past, as told straight from the artists' mouths. . . . A good read even for nonartists interested in learning more about hip-hop creativity, personalities, and history, this offers insights into music and poetry. Highly recommended." *Library Journal*
