**Roger Evans : How to Read Music: Fundamentals of Music Notation Made Easy** before purchasing it in order to gauge whether or not it would be worth my time, and all praised How to Read Music: Fundamentals of Music Notation Made Easy:

0 of 0 people found the following review helpful. GreatBy FdaThis really help me learn more about the piano it expanded my knowledge thank you. FIVE STARS0 of 0 people found the following review helpful. Good, but this not included CDBy Widi KundariThank you btw. This good book, but they was not give me the CD on the package. I thought first they forgot. Inside the book, they said listen to CD hmm0 of 0 people found the following review helpful. It is easy enough to understandBy Joanne C AllisonActually got this for two other people to help them with reading music. One said he thought it was a help but I don't notice any difference with his song leading. I think it is definitely a help to others who can't read music or need help with their counting in music. It is easy enough to understand.

A basic primer for anyone without musical training who wishes to learn to read musical scores when singing or taking up an instrument. The book explains how notes are named and written; how to read melody, interpret time signatures, keys, sharps, flats, and naturals; how to read tempo; and how to play chords.

From the Inside Flap A basic primer for anyone without musical training who wishes to learn to read musical scores when singing or taking up an instrument. The book explains how notes are named and written; how to read melody, interpret time signatures, keys, sharps, flats, and naturals; how to read tempo; and how to play chords. About the Author Roger Evans has helped nearly half a million readers learn to play an instrument on their own. His books include How to Play Piano and How to Play Keyboards.
