Alas, it didn't prove itself worthy for the pre-teen crowd as the content of the book is focused on a far more adult viewpoint. For wenching and drinking, its an ideal

resource and would really liven up an adult-styled costume affair but its not for a younger audience. For what it is, its very well done.0 of 0 people found the following review helpful. was an awesome book t' learn more wordsBy CustomerAm in the Krewe wit Captn.
