Wendy Ahlheim : How to Win on Interviews Attract Top Job Offers before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Win on Interviews Attract Top Job Offers:

0 of 0 people found the following review helpful. Great tool for interview prep!By Erin LumI am a recruiter in the legal industry and am always looking for resources that will help me to improve my recruiting skills. This book has a lot of good information from someone who obviously knows the ins and outs of the job market. It includes tips on getting your foot in the door, interviewing effectively (including preparing for tough questions) and negotiating job

offers. I regularly use the tips from this book with my own candidates as they prepare for interviews and I would definitely recommend this book to anyone preparing to look for a new career opportunity!0 of 0 people found the following review helpful. Great giftBy tanya ryanI ordered this book as a gift. It is a perfect gift, not only for new graduates, but for anyone who wants to succeed in getting a job.I worked with Wendy for many years and know from personal experience what a successful recruiter she was.0 of 0 people found the following review helpful. Honest and ApplicableBy ChuckI found this book to be a great alternative to the usual resume and interview books I've been reading. Its straightforward and realistic advice and tips are leagues ahead of the usual "smile and give a firm handshake," or "turn every negative in to a positive" advice of other books. While I can't say for certain whether this book was causal, a month after I had gotten this book, gone through all the worksheets, and put into practice what it teaches, I went from not even getting a call-back to getting 2nd-round interviews. I would recommend this book to anyone currently looking for work, and especially to those who are thinking of switching jobs.

Are you finding interviewing and the job search process overwhelming? Are you having problems getting in the door for an interview? Do interviews really stress you out? First of all, you are not alone. Let me help you get in the door and sell yourself to get the job you desire! I have been in the employment market since 1980 and have learned the correct tips to get the job! Gain knowledge through effective research to wow the interviewer. Prepare for the tough questions and feel more confident during the interview. Learn how to ask for and get the job you want! "Wendy not only got me in the door, but helped me prepare for the interview! Using her education and experience with interviews, I found it to be a successful process. Wendy Ahlheim was the piece of the puzzle that I was missing to accomplish my goals." Sarah P., Commercial Underwriter "I have just spent one of the best weeks of my entire life at my fabulous new position. Over the past eighteen months, I have been looking for the "Dream Job", and now I have found it! Whom do I have to thank? Her name is Wendy Ahlheim, and she has taken me from a battered ego to where I am today- a confident, poised professional." Dee C., Human Resource Manager Feel the confidence that others have felt after learning the tips to achieve your dream job!
