2 of 2 people found the following review helpful. A "Killer" guide to "Write a Killer CV"! @badwordplayBy Owen RobinsonI honestly wasn't entirely sure what a CV was when I picked this up. I have always seen it used in conjunction with resume, so I figured that it couldn't hurt my chances of finding a job if I learned as much as I could about CVs and resumes.This short, but helpful guide, details what the differences are, and then shares many tips on

how you can make your CV more appealing, or make it so that your CV even gets read in the first place. The main difference between a resume and a CV is the amount of information, and how in-depth you get. I have always heard that a resume should just be a snapshot, one page, with enough pertinent information for the hiring person to become interested. A CV is much more in-depth, and it goes into making sure that your CV is more than small snapshots, without seeming like its rambling. Kind of like I am right now This is a very good guide for someone that wants to make their CV more appealing, or is starting from scratch.
