Reader's Digest : How to Write and Speak Better: A Practical Guide to Using the English Dictionary More Effectively before purchasing it in order to gauge whether or not it would be worth my time, and all praised How to Write and Speak Better: A Practical Guide to Using the English Dictionary More Effectively:

This self-help book, designed for both personal and commercial use, is divided into four parts. It starts with grammar, demonstrated through quizzes and "test yourself" panels. Part two gives examples of letters for all occasions. Part three explains how to improve the voice for public speaking and interviews. Finally, part four is a practical word guide,

giving access to over 2,000 words that are often misspelt, mispronounced or easily confused with one another.
