1 of 1 people found the following review helpful. Great Book for Job Hunters By Skyy Sutton This is a fabulous book, full of valuable information. I highly recommend it for job hunters. 0 of 0 people found the following review helpful. Five Stars By luis Good! The book will provide you great ideas in your rsum process writing. 0 of 0 people found the following review helpful. Great! By Customer I like this one because it has a workbook section to help you collect all your relevant work experiences and accomplishments. It also has sample resume' formats. The cover letters are really good, not just "My resume' is attached." They help you highlight your strongest knowledge and skills.

Written by an expert career advisor, this book shows job seekers how to summarize and advertise their skills clearly and effectively for rsum presentation. But just as important, it also advises on how to get the most out of word processing software by using an appropriate typeface and a logical layout to produce an elegant and truly effective rsum. In todays job market, the rsum must also be Internet-friendly and adaptable for e-mail. Author Pat Criscito enlightens her readers with a virtually fail-safe 12-step process for producing that perfect rsum adaptable to all formats needed for a comprehensive job search. She also offers detailed advice on creating an attention-catching cover letter. Both beginners seeking their first job and professionals looking to advance their careers will find the help theyre looking for in this newly updated edition.

About the AuthorPat Criscito is the founder of ProType, Ltd., an international writing, editing, and typesetting personal service based in Colorado Springs, Colorado. Her articles on career development appear nationwide in magazines and newspapers. As a CPRW (Certified Professional Rsum Writer), she has prepared more than 15,000 rsums for a wide range of clients.
