someday be a legend because of the level of coverage it has. Don't even worry if your record label is in trouble, this book will come like Superman and save the day and your life from financial crisis. It's a guide that details all the dangers and cons of the music industry and teaches you how to steer clear of potential damaging information or companies. So, if you don't want to break your heart, your dream or your wallet then look for this book ,and use it as your definite guide to music mogul status.

The only information of its kind that meets the main problem facing Singers, Songwriters and Bands head-on. All of them need money to record and release major label quality CD albums! Unlike other books designed to teach user-unfriendly jargon unusable for most people, this exciting manual features easy to understand step-by-step techniques that really work! It's the only realistic product available for talented hopefuls who will incur severe financial damage attempting to enter the complex music industry without having the specialized information they must have to succeed. 68 chapters of bite-size segments make this the most useful tool ever for any aspiring Singer, Songwriter, or Band. From the novice to the seasoned professional, this unique manual fully describes not just what to do, but shows exactly how to do it with simple examples anyone can follow.

From the PublisherThis book doesn't show you how other people have done it, or how you can become a music entertainment attorney. This book focuses on how you can get money to implement your music industry ideas. If you want to know how to build documentation necessary to get people to invest money in your dream, then this is the book for you. Many techniques described by the author were endorsed by the Supervisory Examiner of the United States Copyright Office as being absolutely vital to anyone wanting to enter the complex music business.From the AuthorWhat's the secret to getting into the music business? It's having a product to sell. It doesn't make any difference if you're good or if you stink. If you don't believe me turn on your radio. Not everybody in the music business is good, but everybody in the music business has a product to sell. For more than 10 years, I've shown people just like you how to get that product without spending your own money, and if you're willing to listen and follow simple instructions, then I can show you too.Excerpt. If you can't draw a straight line, you cannot become a draftsman. To be a recording artist or act, you've got to get recordings. You've got two choices on how to get them. First, ask the major record companies to pay for you to record them. If they don't want to do it, then you have only one other alternative. Do it yourself.
