This one has, but that doesn't make it any less of a great book. Hilarious, filled with awe inspiring foresight, the great man explains human nature in the most kind and accurate way using deft humor.0 of 0 people found the following review helpful. Caroline Feeman Insightful as always and in places hilarious. I love the short story/essay format. I am a great Jerome fan and have read almost all his books.

A collection of humorous sketches by the author of 'Three Men in a Boat', 'Idle Thoughts of an Idle Fellow', etc.
